

## COVID-19 Update

At this time, our model homes are open and offering in-person appointments or virtual tours.

The safety and well-being of our customers, team members and communities remain a high priority. We continue to follow applicable public health orders to provide the safest environment possible.

- All of our sales offices and model homes are currently no handshake areas, but you will be greeted with a warm hello and friendly smile.
- To follow 'social distancing' recommendations, the number of visitors at one time in our sales offices and model homes will be limited.
- All employees are required to wear a face mask and all visitors are strongly encouraged to do the same.
- Our sales offices, model homes and Design Studios are being cleaned and sanitized routinely.
- We politely ask that you do not visit if you are not feeling well. Also, we encourage you to follow the advice of the Centers for Disease Control (CDC) that older persons and those with underlying health conditions stay home.
